

# CogniLink

Making Sense out of chaos...

70% of Organizations anticipate that Gen AI will bring significant changes to business operations but the road is lengthy and challenging

Major challenges that organizations face:

<b>Disconnected Content Across Varied Sources</b>	<b>Slow Information Retrieval</b>	<b>Inefficient Workflows</b>	<b>Too many sources of reference files</b>

EA's CogniLink enables you to ask anything from all the ingested information in a blink...

## Ingests almost any form of data source

	Databases		Realtime Email Connectivity
	Sharepoint		Scanned Queues
Documents, Spreadsheets and Note Sheets			

## Powerful CogniLink Engine delivers

<b>Powerful Summarization in seconds</b>	<b>Instantaneous Answers</b> with source links and corresponding sentiments	<b>Efficient AI based Cataloguing</b>	<b>Sentiment based Alerts</b>

## 3 Step Deployment : Simple and Quick

**1. Discovery Session**

EA Cloud  
VS.  
Client Cloud

**2. Setup DATA Sources**

**3. Ingest**

**Ready to assist you**

## Pricing Modes

CogniLink is now available with customized pricing models to fit in client needs

<b>1</b>	<b>2</b>	<b>3</b>
<b>Transactional Pricing</b>	<b>Annual Subscription</b>	<b>Project based Pricing</b>
<ul style="list-style-type: none"> <li>• Pricing as per the volume of data churned</li> </ul>	<ul style="list-style-type: none"> <li>• Per user per year</li> <li>• Per report per year</li> </ul>	<ul style="list-style-type: none"> <li>• Pricing as per defined scope of work.</li> </ul>

**\* Cloud Infra cost will be directly transferred on actuals as per usage**
